

University of Florida | Psychiatry  
Psychiatry Grand Rounds - Gainesville - 2024

**Pediatric Behavioral Health Collaborative Care: Part I: Florida & UF Experience**

11/08/2024 | 12:00 PM - 01:00 PM | Gainesville, FL

**Presented By:**

Andres J Pumariega, MD  
Professor and Chief, Child/ Adolescent Psychiatry  
University of Florida

**Learning Objectives:**

Upon completion of this activity, participants should be able to:

- 1 Recognize the importance of behavioral health collaborative care in improving access to psychiatric and mental health care at both a national and state level
- 2 Distinguish between integrated and collaborative care models of behavioral health consultation and collaboration with primary care providers
- 3 Identify the key components, roles, and processes of collaborative care teams providing collaborative and consultative services to primary care providers
- 4 Evaluate the data resulting from the actual experience of a pediatric collaborative care program over a five-year period

**Faculty & Planner Disclosures**

University of Florida College of Medicine adheres to the ACCME's Standards for Integrity and Independence in Accredited Continuing Education. All individuals in a position to control a CME activity's content, including faculty, planners, reviewers, and/or others, must disclose all financial relationships with ineligible companies (commercial interests). Conflict of interest information for the CME Advisory Committee members can be found on the following website: <https://cme.ufl.edu/disclosure>. All relevant financial relationships have been mitigated.
