12 - 1 pm

Livestream Presentation

### "Pediatric Behavioral Health Collaborative Care: Part I: Florida and UF Experience"

Andres Pumariega, MD

*Professor & Child Division Chief,  
Department of Psychiatry*

#### Upon completion of this activity, participants should be able to:

**Recognize** the importance of behavioral health collaborative care in improving access to psychiatric and mental health care at both a national and state level.

**Distinguish** between integrated and collaborative care models of behavioral health consultation and collaboration with primary care providers.

**Identify** the key components, roles, and processes of collaborative care teams providing collaborative and consultative services to primary care providers.

**Evaluate** the data resulting from the actual experience of a pediatric collaborative care program over a five-year period.

**This presentation will be given in-person at UF Psychiatric Hospital (Vista), Room 1901.**

**In-person watch parties will be held at the McKnight Brain Institute, L4-101 and AOPC, Room 3242.**
